

Could it be the fact that many are worshipping money, worshipping celebrities, legalizing same sex marriage and breaking God's Sabbath of the fourth commandment?! (Governor of Minnesota, Mark Dayton, declared May 23, 2016 officially "Beyonce Day.")

5) Who was blamed for the Climate Change drought in Elijah's day? What was the real cause of climate change? -1 Kings 18:17, 18.

1 - Ahab accused Elijah and said: "A__t thou he that tr____bleth Is__el?"

2 - Elijah responded: "I have not tro____ed Israel; but th__u, and thy father's h__se, in that ye have f__saken the com__ndments of the L__RD, and thou hast followed Ba__im."

*Note: Elijah, for warning Ahab of his sins, was blamed as being the cause of the drought, when Ahab was the real cause of the judgments. In like manner, as we see Climate Change becoming a major problem and a political issue in our world, God's people will once again be blamed for Climate Change.

6) What does the Bible say people will do thinking they are doing God a service? -John 16:2.

1 - "The time cometh, that wh__soever k__leth you will th__k that he doeth G_d ser__ce."

*Note: As an excuse to merge church and state together, the governments of the world will use the Climate Change and so-called Global Warming crisis to pass international climate laws and even religious laws. These religious laws will result in the persecution of God's true followers and the enforcement of the Mark of the Beast!

*Warning: On June 18, 2015, Pope Francis released a 184-page encyclical on "climate change" entitled "Praised Be You: On the Care of Our Common Home." Section 237 states, "Sunday, like the Jewish Sabbath, is meant to be a day which heals our relationships with God, with ourselves, with others and with the world." The same day this encyclical was released, President Obama declared: "I welcome His Holiness Pope Francis's encyclical, and deeply admire the Pope's decision to make the case—clearly, powerfully, and with the full moral authority of his position—for action on global climate change ... I believe the United States must be a leader in this effort." (White House Press Release, June 18, 2015).

Warning: Very soon, God's people will be persecuted similar to the story of Elijah! Now is the time to prepare and to give the present day Elijah message to the world!

Appeal) Will you be as faithful Elijah and call the churches and world to repent even when they persecute you and call you a "trouble maker"?

"Lesson 3 - Climate Change"

Climate is "the weather conditions prevailing in an area in general or over a long period." Have you noticed a change of climate in this world in the last couple of decades? According to statistics, there has been an increase of devastating storms in our world in the last 50 years. There is also an increase of flooding and droughts, which leads to the destruction of property and farm crops. What is the cause of all the climate change taking place and is there any solution to it? Complete this lesson with KJV Bible and find out!

1) Does the Bible predict a change of weather and climate in the very last days? -Matthew 24:3, 7, Luke 21:25.

1 - Jesus' disciples asked Jesus "what shall be the s__n of thy c__ing, and of the __d of the w__ld?"

2 - Jesus replied that in the end, "there shall be f__ines, and p__tilences, and e__rth__akes, in divers places."

3 - He also said that there would be "signs in the s__n, and in the moon, and in the s__rs; and upon the earth distress of nations, with perplexity; the s__ and the w__es r__ring;"

*Note: The Bible accurately predicts that there will be a change of climate in the very last days. God uses this change of climate, along with earth quakes, as a means to wake people up and make them realize that they need to repent of sin and prepare for His coming. Notice the graphs that show the dramatic increase of storms, droughts and natural disasters.

*Question: What is the cause of the change in climate and the increase of natural disasters in our world?

*Note: Many scientists claim that global warming is the cause of climate change.

Global Warming is the theory that there is a "gradual increase in the overall temperature of the earth's atmosphere generally attributed to the greenhouse effect caused by increased levels of carbon dioxide, chlorofluorocarbons, and other pollutants." -Google webdef.

2) What does the Bible warn about false scientific theories? -1 Timothy 6:20.

1 - We must avoid "profane and vain babblings, and oppositions of science falsely so called."

*Note: The Bible warns of false scientific theories. Evolution is one of the them and global warming is another.

*Note: Senator and Vice President Al Gore was the man who first strongly promoted the Climate Change scare in politics. Al Gore learned this theory at Harvard University in the 1960's from Science Professor Roger Revelle. Though, Revelle had been researching the idea that the earth's temperature could be rising as a result of carbon dioxide, he was too uncertain of the theory to strongly promote it and consider it a crisis. Revelle stated "The scientific base for a greenhouse warming is too uncertain to justify drastic action at this time." -Wikipedia

MANMADE GLOBAL WARMING HOAX EXPOSED
Arctic Ice Sheet INCREASES by 920,000 Square Miles in ONE YEAR!
 facebook.com/ExtremelyBannedOrHighWingers2

Arctic ice has INCREASED by 80%. The U.S. Intergovernmental Panel on Climate Change is now blaming the increase on a massive Great Warming.

ipcc climate change
 "Over the next several generations, the overall effect of climate change will be POSITIVE for humankind and the planet."

*Note: Al Gore made the false prediction in 2007 and said: "The North Polar ice cap is falling off a cliff.....It could be completely gone in summer in as little as seven years. Seven years from now." Instead of the polar ice cap disappearing, it actually grew from 2012 to 2013, according to satellite photos. Over time, falsehood and deceptions will always be exposed!

Notice that the temperature of the earth has fluctuated the last century as opposed to getting warmer.

*Warning: The real Climate Change Agenda is to give governments the right to pass global carbon taxes and other international laws that overrule the U.S. Constitution. It is also being used as a means to bring church and state together. The Pope recently addressed Congress in September 2015 for the first time in history and he spoke on Climate Change!

*Question: If Global Warming is NOT the cause of Climate Change, then, what is the real reason for all the extreme weather and increase of natural disasters?

3) What does the Bible say God will send if His people obey his commandments? What will God do if His people do NOT obey His commandments? -Leviticus 26:1-4, 14-20.

1 - "If ye walk in my statutes, and keep my commandments, and do them; Then I will give you rain in due season, and the land shall yield her increase, and the trees of the field shall yield their fruit."
 2 - "If ye shall despise my statutes, or if your soul abhor my judgments, so that ye will not do all my commandments,....I will even appoint over you terror, consumption, and the burning ague, that shall consume the eyes, and cause sorrow of heart: and ye shall sow your seed in vain, for your enemies shall eat it."

*Note: God promised to send rain in "due season" if His people kept the commandments. Due season means at the proper time and proper amount -- not too much rain causing floods, nor too little causing droughts. This rain in due season will result in a good harvest of fruit, grain and vegetable. If God's people did NOT obey His commandments, the opposite is the result -- they would "sow their seed in vain" because of climate change and extreme weather.

*Note: Notice that if God's people disobeyed His commandments, He would also send other judgments, such as....

... "A TERROR"
(Terrorist Attacks),

... "A BURNING AGUE"
(Sickness & Disease),

... "YE SHALL BE SLAIN BEFORE
YOUR ENEMIES."

4) What did Elijah warn King Ahab would happen because of their idolatry and disobedience to the commandments? -1 Kings 17:1.

1 - Elijah warned Ahab that "there shall not be dew nor rain these years, but according to my word."

*Note: King Ahab, who married wicked Queen Jezebel, disobeyed God's commandments and "reared up an alter for Baal in the house of Baal." Israel went deep into idolatry and sin, which is why God raised up Elijah the prophet to give a message of judgment and a warning of Climate Change for 3½ years!

*We see from the Bible the real cause of Climate Change is NOT Global Warming, but is DISOBEDIENCE to God's commandments! Therefore the solution is to REPENT!

*Question: Could the real cause of the extreme weather and increase of natural disasters be the fact that many American political leaders, such as Bill Clinton, the Bush family and others are worshipping an owl in a state of nudity at Bohemian Grove in southern California?
